“ Hey my dad. I'm just missing you. I wish there was a way you could sneak out of heaven and visit me. If only in my dreams I would be satisfied. Maybe I'd be satisfied. I'd probably be asking the Good Lord for more. Lol. Everyday I remember more and more about you being here with me. From our favorite song to me standing on your boots as a little girl. Daddy you're my hero. You will always be my hero. That's why GOD gave you to me and me to you. The best dad ever. I told someone recently I didn't remember my dad saying that he loved me but once and it sounded so weird. We laughed. I said he didn't have to say he loved me. Everything he did showed me how much he loved. I love you too daddy and I hope and pray I showed you.

Love,
Pokey

“ Happy Birthday daddy. I miss you like I guess I always will, but
today I'm not sad. Today I'm reminded that you're a terrific dad,
mentor, and friend. You mean a lot to a lot of people, but you mean
the most to me. Because GOD made you the man you are I am
forever shaped to be the person I am. I am so grateful to call you
my daddy and dearest friend. My only regret is that you are not here
for me to say this to you in person but I know that you know this
already in your heart.
All my love,

“ Good morning Daddy-
Happy Thanksgiving. Missing you as always. I remember mama and me cooking together the night before and early in the morning Thanksgiving Day you would get up and cook a big pot of greens. I do that now, in honor of you, plus we love them. Lol. I need you to visit me more. I need your guidance about life, and on maintaining your truck and car. I get nervous don't want to tear them up. You worked so hard for them. I try to remember what you told me, dad but sometimes when I think about it and you not being here all I can do is cry. It's a hurting feeling. Anyway I know how you feel about me crying so I'm not gonna start. I just wanted to say I love you, I appreciate you, and I miss you like crazy.

Love your little girl,

“ Hey Daddy-

I never know where to start with you. I know you don't want me here about me crying so I won't tell you that but I will tell I miss you so bad. I feel like I'm on edge without my best friend here to share all my experiences with me. I can't tell him what's been going on and I I feel scared out here without my daddy to protect me. I know I'm an adult but you're my superhero. People may not understand but Jesus does. He knows what it's like to love your father so much. Cause I love and admire and adore and respect and appreciate you. It breaks my heart not to have you here with me, but you and mama are so wonderful I can't blame God for wanting you back. Dad you're the greatest dad of all time. I hope I make you proud, because I'm so proud of my dad and mom. Dad I thank God for you guys. Thank you for being my best friend, my dear ole dad, my protector and my rock.

*Love always,
Pokey*

“ Hey daddy. I really really miss you. It hurts so bad. Some days are better than others. I know you would tell me to stop crying but it's all I can do to. I feel like my heart is going to explode. I'm so heartbroken without you. You're the greatest friend I've ever had and feel like I just didn't have enough time with you. But even if GOD had given me more time I still would feel this way. Cause that's how much I love you. I'll never stop loving you with all my heart.

“ Happy Father’s Day daddy. Guess what...I finally got your truck. I bought it from Maine and brought it home. I told you it looked good in that driveway. Lol. The only bad thing is waking up seeing it and expecting you to be outside. It’s still hard getting used to you and mama not being with me. I’m getting better though. I hope you guys are proud of me. I’m so proud of the parents I have. Daddy you are the best man I have ever known. I can’t say that enough. I miss you everyday. I miss us talking, laughing and all your great advice. I miss feeling like no matter how bad a day I was having when I heard that dually coming I knew it was going to be alright. Now I miss seeing you and mama in my dreams. I just remember y’all told me to keep praying. It gets easier to live with. I gotta go now, kiss mama for me. I love you guys so much. By the way tell her Jada graduated with high honors and is working, and a Jesse is on the dean’s list. I know she would be laughing at me right now cause they both have their friends and it drives me crazy! I love you guys so much. We all miss and love you.

I was thinking of you today. Reese, remember when you slipped off the running board of your truck at the car wash. You were so upset you didn't even want to go where you were planning to go that day. I think about all the times you would have me dying laughing. I really miss those times. They are always in my heart. You are always in my heart cause I carry you with me daddy. You are still my best friend.

I feel like a part of me left with you and I don't know how to get it back. I'm trying daddy. Believe me I'm trying. I know what you told me, but it's hard. I never imagined my life without you. “ Hello my first love. I finally realize why this hurts so bad. No little girl should love and adore her daddy as much as I do you. You were right about everything daddy. The pain doesn't go away it just gets a little easier to live with and I certainly miss you now that you're gone. You know the most comforting feeling is knowing how much you loved me and the bond we had. You were my very best friend and the greatest daddy on earth. I keep so much inside because I don't have you to talk to. (well...I talk to the Lord) I miss coming home from work and you sitting outside waiting on me or making me laugh. Every now and then I smell the scent of Black Suede and I hope you're there for the moment. I hope you know what you mean to me, because you mean the world to me. I can't put into words how much I miss, love and appreciate you. I thank GOD for the time and memories that we shared. I'm eternally grateful. You are a blessing to me always daddy. I love you Tenderfoot.

“ Hey Grandpa, my mean ole lion lol I miss you so much all the talks we had in your truck you picking me up 5 in the morning and all I have now are memories. You helped me be so strong you was really my soldier nothing could tear you down and the day you left it broke my heart all over again. You and Grandma meant the world to me literally the world I cry about y'all more often then I should and nobody knows. I stay strong and keep my feelings in your myself because I feel nobody understands the pain. I wish y'all was here so bad I would do anything to bring y'all back. I feel like I lost everyone close to me.

Grandpa i know you would make fun and tell me Drains are strong we don't cry lol but I can't help it I want to see you in that truck again you in a wssc shirt lol telling me I got cat eyes lol I miss you my heart really is heart that y'all had to leave. Just please continue to watch over me and hold me close until I can see y'all again.

Guess what I got a baby now lol I don't know why I would've been so scared to tell y'all but I know y'all would've been so happy and shocked. I remember Grandma use to tell me how you was scared to hold babies because your hands was so big but I wish from the bottom of my heart I could see you hold my baby.

I can go on and on it's so much I want to share but I love you Grandpa and I can't wait to see you again ❤️

“ Hi my daddy. Boy I miss you. I knew it would hurt daddy but not so bad and not so long. I swear it feels new every time. I keep praying like you told me. I know the SAVIOR got me though cause this pain is torture. I need to tell you I love you , I miss you and my mama dad. I need somebody to talk to, who understands me, who yells like I do. I need my daddy. I didn't think it was possible to feel so lonely with so many people around you and yet without you sometimes I do. I don't know what it's like to be from your side, if you and mommy remember me, remember how much I love you. I thank GOD for you and the time HE gave me with with you. I'd be lying if I said I don't wish for more, but I ask GOD to forgive me for that and give me strength. There will never be another mother and father like you in a thousand lifetimes. Not even me. I thank GOD for choosing me to be your child no matter how long or short the journey.

“ Hello my daddy,
You wanna hear something funny. Every time I hear a diesel truck I go looking around for my daddy. Don't let me see a WSSC truck, I start asking, "Do you know Sippi?" Daddy I miss you you so much. You have no idea what you are in this little girl's heart and eyes. No one else is smarter, braver, stronger, or as loving. Lil Jesse acts just like you. Trying to be the protector of the family when big Jesse is out. I love you daddy and that's never gonna change. I miss waking up and you're sitting outside of the house., or you calling me asking for some grits! I miss your greens on Sunday or like now that I'm sick and been in the bed a week, you would have come here and laid down with me watched TV. Then you would have made me get up. I was always so proud of you daddy. You were more than just daddy, you are My Daddy and you mean so much to me. I love you from the bottom of my heart daddy.

“ Dear daddy,
Today I'm home sick in bed. I remember when I would be really sick like this you would lay here beside me and tell me, no matter how bad it was I have to get up. The longer I lay the weaker I'd get, because the bed takes your strength. You're my strength daddy. GOD knows I miss you so, I think about you everyday. There are so many things I feel like I wanna say to you, but you're not here. I ask GOD all the time to let you remember me and tell you I love you so much my daddy!

As each passes I pray for strength. You'll never know how hard this has been for me. I miss you so bad. “ Dear Drain Family,
Our hearts and prayers go out to you and your family during the loss of your dear loved one, Mr. Drain. At times like these, it is sometimes difficult to know what to say to or do for the family left behind. As often as you can, please keep this thought in mind: Our Heavenly Father will never forget those who are written in his “Book of Remembrance.” So, you can find comfort in knowing that when you see him again, he will be the same loving person that you have always known and loved.

Sincerely,
