“ I will always remember meeting Renee in high school. We didn't know each other but shared a laugh that created a lasting friendship. We shared so much over the years. I will always remember the look she would give me when she didn't like what I said and I would ask what does that mean. She'd say , do you want me to say it. Then we both would laugh just as we did when we met that day in high school. Teresa Cannady
