“ *Who's gonna make jokes when I post stuff on my story now? You were always on it and always had your opinion lol... I loved the way you came into Tay life and swept her off her feet. I always admired y'all relationship because you treated her as your Queen. Not only that you took the boys in as if they were your own. You will forever be remembered because a person like you can never be forgotten. Sleep easy my friend....*

“ March 13th was a normal night for us. We watched a movie “Girl in the Basement” to be exact, and then we went to bed. I remember waking up at 4:43 am and you were on the phone with Reggie. That wasn’t unusual for you as you were always up. You were laughing and joking around. Who knew that would be the last time I tell you I love you and my last good night.

*I never imagined going a day without you. I miss you so much and every day I feel so lost with out you.*
