“ Ashley Dominique Harley...My one true best friend being and having your presence was all the time enough for me you brought me joy... I miss the hours the days the weeks the months and the years that we had to see you one more day I wish it could be...My Best friend with so many styles I shall miss you for the longest while I will never trade you never replace you.... You took a piece of my heart with you I pray that you keep it close I love you more than we both will ever know... To my family the Harleys I continue to pray for much strength and courage and hope I love you all and I will always be here
