“ *I would like to share that Mrs. Potter deeply touched my life when she sent me words of encouragement when I was having a tough time during my treatment. She made me feel so loved and gave me the encouragement I needed to fight for my life and for this I am truly grateful. Although we never met in person, I felt like she was my very close my friend. I thought of her often, kept her in my prayers and would ask about her through my sister Shawnette Putman. I would like to extend my condolences to the Potter family.*
