“ Hello daddy, It' been 10 months since you been gone. I miss you so much words can't truly express how I feel but it's truly not the same since u been gone, everyday I want to pick up the phone to call you to hear your voice and share my days and ups and downs with you and to hear you laugh and tell me "baby girl' it'll be alright because I have your back and that you love me.. And we sit and talk about all the bs that's going on in the world and the ppl who think we crazy for not pulling there cards when they lie and we just smile. You use to tell me so much that we have so many of the same characteristics of each other for me not to be your blood child and I just laugh. because we took the word "Step" out of our family because it's not about blood it's about the love we share as one family. I know you are watching me from above and probably saying baby girl I told you to slow down on working so hard doing all that overtime and not enjoying the fruit of your labor. But I can say daddy I have just a little with a smile. I was just talking about you and how you use to asked me all the time where is my Cheese Pie or German Chocolate Cake and Ill tell u daddy u don't need all that sweet and your just laugh and say I'll eat small slices until I call and u would tell me I ate half already and ill laugh and you will say I didn't share any either. I made u a promise before you left us on what I would do but also told you that I couldn't do it on my own and I wouldn't force anything or anyone even though I tried. And to be honest it's sad. But I just pray your resting and ask that you give all the family a hug and know that I love you.
