“ *I just learned of Dr. Hackney's passing--all these years later. I was a classmate of Dave's. I remember a man who always had a smile, shared a laugh, and played guitar! Sad to hear of his passing. A good man with many talents.*

“ I worked with Dr. Hackney many years ago at DC General (Area C). He was a wonderful doctor, coworker, & friend. I remember we even had a baby shower for him when they were expecting their first child. Delphine Jackson, MSW said to him one day "I only have daughters, but if I had a son I would like him to be like you". That sums him up so well. He was a fine man. Ann Lux

“ Mrs. Hackney (Dr. Hackney), I am more than sorry to hear about the loss of your husband Dr. David Hackney and the father of your children. Your husband and my husband share a birthday and a day they both share with the world. We always laugh and say "the entire world remembers your birthday". David and I shared stories about his son and daughter and my daughter as we talked about programs at the Centers for Mental Health. A brilliant psychiatrist whose smile was never far from his face and one committed to his patients. We all walk paths on this journey, some we understand and others we keep searching for that illusive answer. What we do know is that when we love a "being" it is always too soon to say goodbye. My family and I join heart-to-heart in sharing your loss and pray that peace will find its way back to you.

“ *We went on retreat and we were kayaking and Dr. Hackneys flipped over. This was major moment and I was blamed for pulling him into dangerous but fun macho behavior ; of course Dr. Hackney and thought it was a blast (male thing) God Speed Wm. Kupe Jamison*
