“ From Sister Parker - I remember Sister Smith had difficulties sleeping. So I talked to her about different kinds of apples and meats names. She would say, "Sister Parker I am sleeping now - I can go to sleep now!" She thought we were having a regular conversation. Little did she know, I got the information about the meats and apples from my cookbook. I did this because I begun to run out of things to say.

There are myriad information about these aforementioned items.

Moreover, I remember when I called for prayer. I asked to be placed on the prayer list. My friend Sister prayed for me right on the spot, and then she placed me on the prayer list. I would mentioned someone else who needed prayer. Then, she would pray for them right away and placed them on the prayer list.

This really touched my heart! It was so needed. This act of kindness was very usual.
