“ *I'm brokenhearted that I was out of town on the 10th and missed being with the people who loved her. I second all of the comments people at the service (and on this tribute wall) have made regarding the love she exuded and the strength and joy of her spirit. I loved her dearly and, in my mind, I know she is in a good place and should rejoice. But since I'm still in this life, I can only see through the glass darkly and can't fully understand. Therefore, I miss her terribly.*

“Freida was a beautiful soul. On the day I met her, she came to the door as I was walking up, called my name, and said come on in. She made me feel welcomed in her home and she was so kind. She smiled and laughed and we traded recipes and got to know each other. Each time I visited her home it was the same love from her. The last time I was there she said “The kitchen is yours.” I was surprised and honored. I have the most wonderful video of her during a Christmas party at my home. She instantly connected with my mother and they laughed like sisters. A beautiful soul. Just her presence made the world better.

“Freida had a way of lighting up a room and making you feel special. Her laughter and positivity was infectious, and to this day, she’s the reason why I refer to rain as “liquid sunshine,” as she loved to say. The world will seem a little less bright without Freida in it. Sending heartfelt prayers to all who knew and loved her. She blessed us with so many wonderful memories and will be forever in our hearts 🙏
