“ My memory of my Aunt Gloria is a happy and loving one because thats how I will always remember her, she was Godley first, caring always about others, loving, and a great sense of humor. Most of all I can't forget how she spent a week away from her home to care for me in my home after my surgery so my husband didn't have to take off work and kept her sister my mom who lives in N.J. abreast of how i was coming along daily. She would make sure her neice living with ms in Washington d.c. always had what she needed. Such a caring person. Aunt Gloria loved good cooking and long conversations and we would share both. My husband loved joking with her GC. Is what he called her and she would laugh and come back with something witty. I loved her so much she loved my cooking and i would drive from Maryland to her home just to share it with her because i knew she would enjoy it. While in the nursing home I brought my puppy she enjoyed him so much he brought a smile to her face. She really loved life, family, friends, and puppies. Aunt Gloria REST In PEACE. I will never forget you love Brenda

“ My Aunt Gloria. There are so many wonderful words I could use to describe the relationship I shared with her here on earth first off she was a Loving, funny, caring and above all a Godley woman who loved my cooking. Aunt Gloria cared so much about others when I had surgery she took the time out of her busy life to come to my home for a week to help nurse my back to health letting her sister (my mom) know she was closer then her coming from N.J. that she could care for me while my husband worked. That's a loving and caring person. She loved my cooking when I'd cook something I knew she would like I would drive from Maryland to D.C. just to share it with her because I knew she would enjoy it. I would call her and say hello gorgeous and we could be on the phone for hours just talking about whatever was entertaining. Aunt Gloria cared for friends and family she was just a kind person that my husband and I will surely miss as he called her GC and she loved it. REST IN PEACE AUNT GLORIA I LOVE YOU Brenda

“ *My Aunt Gloria was educated, strong, beautiful, witty woman. My mother her sister and my sisters went to visit her last summer. We had a lovely time, with a lot of laughter, with her reminiscing with her sister of their childhood. My mom and my sisters are so happy that we got to spend that time with her. My Aunt left behind 3 sisters, My mom Bessie, who is now the oldest Joan, and Vivian . This picture is from our visit with my Aunt, her sister, and her neices.*
