“ Gordon –

*Sisters and brothers are together for life  
Growing up, there is at times, strife.  
But no matter what there is always a bond  
One of friendship and beyond.*

*At times, they can drift apart  
But the bond between them never departs.  
As the years go by they may find  
That their sibling love is one of a kind.  
A relationship like no other.  
I give thanks for that sibling sent  
It truly was no accident*

*Love always,
