“ *Granddaddy,*

We love you and we miss you. Thank you for the hugs and kisses, the trips in the back of your station wagon way back in the 80s, your sense of humor, the birthday cards, your tickles, your random quizzes and homework assignments, the yummy food from your fishing trips, but most of all: your love, concern, lessons, and prayers. Enter into the joy of your Master. See you in eternity.

Love,

Your Granddaughter, Dawn
