Mr. Herman Simms was instrumental as a 1980's 1990's Human Resources senior executive. His leadership helped countless people of color matriculate their Federal Government careers. His impact will live on for generations.

“ My heartfelt sympathy to Herman's beloved wife Bertha and family. I worked collaboratively with Herman from his arrival at National Highway Traffic Safety Administration (NHTSA) in 1980 until my retirement from NHTSA in 2000. Herman received well deserved promotions at NHTSA from (1) Chief of Employee Relations within the Office of Personnel, to (2) Director of NHTSA's Office of Personnel, to (3) Associate Administrator for Administration. In addition, he served as Awards Chair of the Federal Executive Institute Alumni Association (FEIAA) when I was FEIAA's president. After Herman's retirement from NHTSA in 2001 (I was a speaker at his retirement luncheon), I recruited him for the Council of Former Federal Executives (COFFE), and he went on to serve a term as President of COFFE. Herman served in those various positions with great honor and integrity. His work-life balance, and his dedication to his community and his family, are a model to be admired forever.
