“ *I write this with my heart filled with gratitude and thanksgiving. My appreciation for the only Grandfather that I've ever had the pleasure of knowing is profound. His legacy and impact is immeasurable. From the father he was, to the husband, to the grandfather, and great-grandfather, he has truly been an inspiration. Thank you Granddad for showing us all what a true patriarch should be. I love you.*

“ Grandpa,
I may not be family by blood, but I am definitely family and I have know you guys for more then 30 years. I remember seeing you at cook outs and you and your wife were always so sweet and kind. I have always felt like FAMILY when I was around you guys. I am so happy that I had the chance of meeting you. Please tell my Grandparents hi for me and your wife Grandma! Please watch over us and dance in heaven! I went to the beach and wrote in the sand and Zoey did as well for you! I know Nika took your hand and was dancing with you right before you took your last breath, she was right then your wife took over and said, “I will take over from here Nika.” Rest in peace Grandpa you loved a long joyful life and you will forever be missed. Xoxo until we meet again. Take care and see you later!

“ Dad was a reserved man quiet but when he spoke everyone listened. He changed all that he came in contact with leaving a lasting impression on them. He was a wonderful Husband, Dad, brother, uncle, cousin etc. He will be greatly missed but will always be in our hearts and prayers. I know that he is rejoicing in heaven with his wife, brother, son, father, mother, sister and a host of family members.

“ To the greatest man I've ever known, Granddaddy you are missed beyond measure. You were the closest to perfection that we will ever experience. While I am heartbroken by your departure, I am equally as grateful to have had you for the time that we did. Your passing has left a void that will never be filled but I will continue to go forward with the love and grace you extended to everyone you encountered. I miss you every second of every day and I love you eternally.
