“ *Thank you Brown Family! From a young woman at 20 years old, helpless with a baby you became my family. I love you all for accepting me in your family and loving me like I was one of your own.*

I was lost and didn't have a place to stay when all of you came into my life. I was mentored on how to be a Mother, on building my strength , on how to love people who were not blood.

I was taught that blood wasn't always a factor in who becomes your family.

With love and sadness I say condolences.

Love
