“ *I remember when Uncle Tommy and Aunt Judy would come and visit when we were kids and all of us little ones could play together. Margaret, Little Tommy (we called him that) and John. I really loved playing with my cousins, always outside in the yard or snow throwing snowballs at mom and dads. Those memories will forever be in my heart. Rest in peace my cousin. I hope you're throwing snowballs in heaven.*

*Your cousin,
Ruby Lee (East) Clanton*

“ Oh boy, where should I start! I knew John John through his sister Margaret!! He was a happy go lucky kid and always and I mean always wanted to hang out with us!! And when he was told no he would throw a hissy fit!! I will always remember the corny jokes that he would tell me and laugh before he could even tell it. I know he will be missed by everyone, because he was beautiful inside and out!! RIP John John!! Fly high with the Angels 🙏

“ I will never forget that voice when he would call me tutor rooter. That's all I can hear him say. I didn't know my uncle as much as my sister Renee did as an adult, but I do have childhood memories with him. I miss him so much, John was a very kind hearted person who couldn't even hurt a fly. We were all so proud of him when he saved the police officer, he is our hero and I will never ever forget my uncle. RIP uncle John I will do everything on my power to help the family find who did this. I love you!

“ R.I.P. baby brother. There are no words for how much I loved you or how much I will miss you.

John was so full of life and always so happy. Life was not easy for him but somehow he kept going with a smile. My brother was fearless, loving, and he cared about people. He was not one to just look the other way if someone was being hurt. He would give you the shirt off his back if you needed it.

He was taken from us to soon but will live on in our hearts forever.
