*My heart is heavy with the loss of a wonderful friend, neighbor and patriarch. Words cannot express how deeply this hurts. To the Moten family, my sincere condolences to everyone of you in this sad, sad time. I had the pleasure of knowing your dad for over 50 years. He was a joy to be around. I admired and watched how he loved on each of you and everyone who came around him. He will be sorely missed. On behalf of the Leonard family, please accept our condolences and know that we are praying for each and everyone of you. Let us know if you'll need anything. We love you

“ *Dad, you were the best father a little girl could ever dream of. You always made me feel like I was that precious princess. You never ceased to amaze me.*

You always showed up at plays, graduation ceremonies, award ceremonies and the list goes on.

I'll never forget how you made me feel one Halloween night. You drove me around in your car to all your friend 's homes with me in my costume to get candy. I don't celebrate that day anymore, but I'll never forget how special I felt.

You bought me cards and candy for Valentine's Day each year until now. I always looked forward to that special birthday card you'd find perfect for me.

I know you are with JESUS now and I'll miss you so much, but I'll rejoice knowing you're in a better place.

Your legacy will continue through your children.

“Dad, you were the best father a girl could ever ask for. I'll miss how much fun you were. Always joking and getting me straight. You truly loved your family and it showed in everything you did. You were always there for me when no one else was. I guess I'll have to do that with my girls now.

I know you are with the LORD now. I'll rejoice in that, although, I miss you already. I'll always love you and I'm grateful for the legacy.
