“ *Remembering Mrs. Josephine Prince Jackson with love and gratitude. I just want to say thank you--for helping, listening, laughing, sharing, teaching, cooking, serving, praying, for loving me and mine. I came into your house your daughter's friend but you always made sure I left feeling like family every time. My deepest sympathy and all my love to the family, especially Sandi and Joel at this most difficult time in your lives. I pray you are comforted by God's Peace. --Karen, Marissa and Micah*
