“ My favorite memory of Karen is when she was given a birthday and retirement party and she made sure I was there. Didn't want no excuses. Even came and picked me up. We had a ball. It was beautifully done. We danced most of the night and I got to meet her family. We also made sure we had our Red Lobster dates. One year our date was my birthday and she told me I could have whatever I wanted. We ate until we were about to burst then neither one of us could move. We celebrated my birthday twice at Red Lobster. Once just her, her granddaughter and I. The second time was with my family and at that point she became family. Missing you.

“ Much love, prayers and condolences to the family of Karen Williams. I met Karen in 1995 when started work at George Washington University Hospital. Been thick as thieves ever since. She was my confidant everyday even when she retired and moved away for awhile, we talked everyday. On special occasions, we sent each other cards. She was my Prayer Warrior and I hers. We've overcome a lot of trials and tribulations. She is truly missed but never forgotten besides we still have many conversations to have. Love you so much. Until we meet again, save some crabs for me.

“ Sending much much love to my cousins. Reggie, Venus, and Tony during this difficult time! Aunt Karen was another Mother to me, always giving me advice and opening up her home from the time I was a little boy! I was like one of her sons! She will truly be missed! Even though I can't be there physically, I'm there in spirit! I love you all! May God Bless our family always and forever!!!
