“ Keon was one of my first cousins. We shared a great love and appreciation for our maternal grandmother, Martha Quarles. She ensured we knew Jesus, loved on us immensely, and gave us peace in her presence.

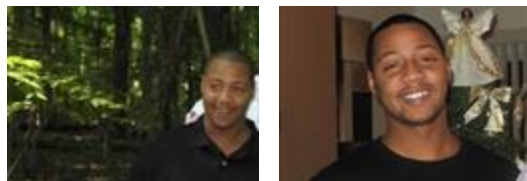

Keon was a good person with an enthusiastic sense of humor, and he spoke the truth. He was smart and talented in many things. Keon was easy to talk to and considerate of others, which showed through his manners and small acts of kindness. He had a genuine smile that was infectious. Keon found using his knowledge, skills, and abilities on the job to solve problems equally as satisfying as using his creativity to landscape a yard. He was a good cook as his beloved daughter Kamora and her sister Zimayah can attest to. Most importantly, Keon was a great father and his daughter thrived with him. Although their time together was short, the foundation he laid for her is an admirable accomplishment.

Condolences to Aunt Katrina and Kamora for I am so deeply sorry for your loss. Know that we (friends, family, and co-workers) are celebrating the life of Keon and mourning his passing with you. May the memories shared by all be of comfort to you and a testament to how well Keon lived and how cherished he was by others.

“ My heart aches for the loss of my beloved nephew Keon, there are no words for such an unimaginable loss; our family is saddened. I will always remember what an adorable child Keon was, everyone loved him and wanted him as their own. He had a unique personality that overwhelmed people; he was quiet, polite, well mannered, funny, and very kindhearted. As an adult, Keon stayed the same way even during times when he struggled with personal losses of loved ones or physical pain. Keon was a loving son and a proud father of his daughter Kamora whom he cherished, cared for and loved very dearly.

I will miss Keon so much. I thank God he is now FREE from every heartache, pain, and the challenges of life. Praise be to God, I know I will see you soon my nephew.

Love you dearly,
Aunt Vivian

“ I knew Keon from his first day here at NCEI-MD, we worked together in the same room and I quickly got to know him and his life. We would talk about family, our upcoming plans, video games and movies and life in general.

He always joked around that I got him addicted to a well known taco spot "District Taco", as he would bring it in for breakfast often and even get me breakfast sometime during our daily work days. Then he would give me grief that he was spending to much money, and the tacos were too good...lol. He was easy to talk to and always extremely dependable to help me with my role as IT for NOAA and NCEI-MD.

He was a great man, and will be missed by all. My condolences go out to the Phillips family, and to his daughter who he loved more then anything, I know from how he spoke about her and the stories he would tell me. RIP Keon.

“ I have only known Keon for a couple of months. He is one of the sweetest and kindest person I have met. He always had a smile on his face and was willing to help anyone in need. I am going to miss our weekly conversations about life and his big smile. With deepest condolences to the Phillips family.

“ What can I say about Keon? He was only with us for a short time at NCEI MD but he made a lasting impression on the staff. He was always helpful, friendly, serious about ensuring that he got the job done and was well known to the staff. He would sit at my desk in the mornings when I arrived, say hello and talk a little. One thing for sure is that he loved his daughter. We will miss your presence Keon. My prayers are with the family and his daughter. Thelma J

“ Keon was not with our organization long, but he left us with memories of him that will not be forgotten. He always had a kind word and a willingness to help, making him a beloved colleague in a short time. His love of family, especially his daughter, was evident in the many stories he told. Keon's hardworking nature and friendly demeanor made him a joy to work with, and he will be deeply missed by all who had the pleasure of knowing him.
