Tribute Wall

MM

“ I met Linda at a line dancing class at Tucker Road. We became good friends right after day. We lined dance at three different community centers. We no not only lined dance but would go to lunch, shopping and we celebrated birthdays. At one of the community centers, we were given the name Squad. It was six of us that were always together and were given that name. I will miss Linda but glad for the time we had together. Rest in Peace my friend.
