“Ma” is who I affectionately called her because her spirit was caring, maturing and loving like that of a mother. Life doesn’t come equipped with a user manual you just jump in and do the best you can and that is what she did. I will miss her tremendously from her laugh to her sassy comebacks, she was definitely quick on her toes. She will be missed, she will always be loved! Sending love and light to the family, my second family....my deepest condolences!
