“ *First and foremost my condolences to the family and many friends....I am just learning of Miss Maggie's passing. Miss Maggie was like a second mom, a big sister, an aunt all of those wrapped in one. She was just a really cool and down to earth person. She had a great heart and was full of light....A light that I know is shining even brighter now. We will miss you "Ma"!!! Love and blessings to your family....*

“ Ms. Maggie, where do I begin? My heart broke into two to learn that you have left this dwelling and have gained your wings. We weren't ready for this at all. We just spoke as usual a few days before...who would have known that would be our last time. We love you more than words can express. My continued prayers and condolences are for the entire family. We are family, always! I love you forever
