“ *Ms. Settles....I remember bringing Farrell pass to see you and the first thing you said was "Daphne (laughing) you still look the same but you gained a lot of weight. " We laughed , but I thought to myself. How blessed are you to be 103 and have all of your faculties! Your mind and body served you well...Rest easy...well deserved!*

“ Since I first met Gramps, she has treated me like part of her family. I will miss coming by Sheperd Street to visit and listening to her stories about how she grew up and the things she had experienced. She always mentioned to me how she enjoyed me stopping by on my lunch break when I worked for "that delivery company" (FedEx). She didn't know that I appreciated those visits as much as she did. She had a heart of gold, and her spirit was just as beautiful as she was. I will truly miss Ms. Mary Settles. Finally, I just want to say what I said every time I left from seeing her.. "I love you Gramps and see you next time"

“ Aunt Mary, I have many memories of you, but one that stood out was at your 100th birthday celebration. Our conversation was your long lived life and all you had seen. You said Carla I would never have imagined seeing a Black President of The United States. Well not only did you get to see President Barack Obama, you lived through his second term. What a Blessing. Aunt Mary you have gained your wings, fly high the the links that fell before you are waiting on your arrival.

“ What a blessing! God only promises us three score and 10, so you know you had a special place in his heart being blessed to live 108 years and in your right mind! I felt so blessed that you still remembered me when you were 104 years old. What a true celebration, rest and peace Grandma until we meet again!! God bless Grandma!!!

“ To my Family. Aunt Mary lived a good life. Who would imagine 108 glorious years. She reminded me so much of my father Arthur Mills , her oldest brother. Every time I saw her, I would always say to her, Ann Mary the younger you get , you look more and more like daddy. She would just smile and hug me. You notice I said younger, because it wasn't anything old about Aunt Mary. She will be missed by all. Luv u RIP with the other Mills Clan.

“ Aunt Mary loved to tell me stories about her life and I always learned something new; like her father catching a boat from Chaptico to Washington to bring her back to the country. She smiled and said Millie when I saw all those lights, I never wanted to go back to the country 😊 RIP Aunt Mary where you have the most beautiful Light of Eternity 🌹
