“ He would bring donuts to work to either cheer us up or fatten us up, not sure which.

I can't remember anytime he didn't have something kind to say no matter the circumstance.

Always a smile, good natured, helpful, and a pleasure to work with. We will miss him.

“ *Matthew lived on my mother's street. You could not ask for a better neighbor. He always stopped and spoke to us, helped her without any complaints after my dad passed and was hilarious! He was a real person and so intelligent. He knew how to do everything from construction to complicated analytical problems. I will miss chatting with him at the metro about our government careers and plans to retire and other hilarious conversations. Matthew was a great person and there are not many people like him. We will miss him dearly and pray that the Lord comfort his family. Thanks for being such a great neighbor and friend! Rest In Peace!*

“ Matthew was a great person who lived on my mother's street. He always stopped and spoke to us, he was funny, invited us into his home and always helped my mother after my father passed..... he was a real person and I will miss seeing him on the metro where we exchanged stories about our government careers and how we were waiting for retirement. We are so saddened to hear about his passing.....There are not many people like Matthew left on her street and we will miss him dearly.... he is now with the Lord and I wish his family peace and comfort. God Bless.....Doretta Willingham.

“ Matthew Brooks was someone I did not expect to meet and work with at OPM.

He was someone I always saw a smile and always had a funny comment from asking "when am I getting married" or "I better take care of my 15 babies". He was always someone you can share funny comments with or even be open to share about things happening personally. He always asked about how my father was because there was a brief period my father was ill and he always asked and gave words of comfort.

Also he was a good teacher, at work he was able to teach me the basics of SAS and from there I was able to create things with SAS, which I never imagine doing because he took the time to teach and example to me about SAS.

He was a great man, friend, teacher, and most of all someone shined the brightest light in the darkest days and did everything with a smile or laughter.

“ I am sincerely sorry about your loss. May God who comforts us in all of our tribulation comfort you at this time. May his promise to swallow up death forever be an anchor of hope. (Isaiah 25:8)

“ Since August 2016, I knew Matthew as a colleague. He came across as cheerful, jovial and always remained positive. The moment he walks into the office, his smile and witty remarks brighten the windowless workplace as if it eagerly awaits the morning star. Be what it may be, work, politics, faith or anything, Matt has an opinion to chime in. Even in making an opposite point of view, Matthew is very respectful of others and hence did he earn it in return. Polite nature, humble behavior and kind words are the by products of the fruits of the Spirit he left with us and will always be remembered whenever anyone displays such characters of godliness. It will be an understatement to claim that we will miss him, All the more he is wanted somewhere else as a 'well done and a faithful servant'. The true measure of success comes from above. I witnessed a friend who is also a child of God. As he is bound for the Promise Land, I encourage all those who miss Matthew Brooks with words from our Savior 'because I live you will live also', And yes, that is true for Matthew. - Pannir Alexander,

Mr. Matthew as my children called him was our neighbor and what an amazing neighbor he was. We watched out for each other daily...so to know that he is with the Father makes us selfishly sad. Eternally grateful that we knew and loved him like family! -Cheryl and Dwight Jackson
