“ I will miss you my dear friend. It was honored to have known you and to have you as a part of our lives. I still hear you singing my name and our last conversation. You kept trying to get me to spill my secret but I refused to share. Please know that secret is now being dedicated in your honor. I will forever cherish our friendship but most importantly, our sisterhood. Love and miss you little sister....Forever in heart. Love, Cheryl, Bryce & Zachary.

“ I was Nasheda co-worker at NIH. I worked side to side with her and I was trained by her in many aspects of our day-to-day work. It was with shock, disbelief and surprise that we were announced her passing on September 13th.

Often when a person passes, people tell nice things about her/him, however in Nasheda's case, everything we tell about her is pure truth. She was a light: a cheerful and Happy Soul. She was refreshing in all aspects of her life, always greeting people with a smile and always having a kind word for all of us.

I will remember my first day of work when I was very nervous and as soon as Nasheda saw me , she got up and hugged me, me, a total stranger she just met one time during my interview. This showed you how beautiful and generous she was. I never heard her utter a bad word to anyone. I never saw her mad in fact even though we worked together for 2 years

She was a gracious woman, one that I will always remember and she is the living proof that Kindness exists, that hope is real and that Love is an everlasting emotion.

Bye Bye My sweet Doctor Mitchell, Rest in Peace forever sweetheart.

As we say in Islam: «Inna lilahi wa Inna ileyhi rajioun »
« Verily we belong to God and verily to Him do we return." »
