“ Pops, I keep thinking about you even though it hurts sometimes. Pops, I'm so thankful for all the memories we shared together after I was young man, and not a day goes by that I don't think about you and it makes me sad sometimes. But especially on this day, I can't help but think how much I wish you were here and I can call you and say Happy Father's Day.

*Pops, I know you are always watching over me and that your hand will forever be on my shoulder. Not remembering you is easy, Missing you is harder than you know. Happy Father's Day Pops.*

*Love, your son Darrell*

“ Pops, if we only had 5 minutes the day you passed away, we would have had time to tell you all the things we needed to say. We never got to tell you how much you meant to us. The last time we talked to you, we wish we would have known because we would have said – we love you over and over again. If we only had 5 minutes the day you passed away, we would've held on to you with real tight hugs; we wouldn't had wanted you to go.

*Our silent tears still flow sometimes for what it meant to lose you because we don't believe people really know - how we loved you so. Although you can't be physically here with us now, we believe that we're truly not apart until the final breath we take -- You'll always be living in our hearts.*

*Pops, to hear your voice and see your smile and just to sit and talk once in a while would be our dearest wish today – Your Birthday*

*Thinking of you today and always – We will love you forever. Rest in Peace Pops  
Love and Happy Birthday,

“ Dear Pop,

*Almost every day you are my mind. My heart fills with love for you when I think of how much you cared for me. As I relive all the happiness and the joy that we both shared, I get a little sad of what my brothers and sisters missed. The memories that I have of you will never be forgotten. Those special memories of you and me together always bring a smile on my face.*

*I was blessed when you came into my life when you did, and for that I want to thank you. I will never forsake the memories that I have of you.*

*Every day Pop, your life was a blessing, your memory a treasure. You are loved beyond words and missed beyond measure. If only I could have you back for just a little while. Then we could sit and talk again, just like we used to do once in a while. You always meant so very much and always will too.*

*The fact that you're no longer here will sometimes cause me sadness, but you're forever in my heart until we meet again.*

*I miss you Pop – I really do. It's hard for me to say it, but it's true.*

*In loving memory of you Pop, who is always on my mind and in my heart – Rest in Peace Pop – Rest in Peace.*

*Love your son, Darrell*

“ Happy Birthday Pop,  
Today, I'm celebrating the day you entered into this world. Pop, you always treated me like a daughter-in-law -- no you didn't, you always considered me a daughter-in-law, but treated me like I was your daughter -- and for that -- Thank you Pop.

Today, I am also reminiscing on all the good times that you made me feel special, especially when you always always looked out for us at the discos. Thanks Pop for treating me so special. Happy Birthday and Rest in Peace -- You deserve it.

“ *Pop, it's been 1 year tonight that you left us. Time slips by and life goes on but in my heart, you're never gone. Pop, I was fortunate enough to have you in my life when I became a young man, and I want to thank you for that. I think about you a lot and talk about the memories that I hold dear. We have so many memories but I wish I still had you. You slipped away silently without any goodbyes, and I realize that I had lost you again forever. The special memories of you will always bring a smile, but I wish I could have you back for just a little while. I know we didn't sit and talk as often as I would have liked, but the times we did, always meant so very much. I hope you know that you will forever be in my heart. “ Dear Pop,  
*It's coming up on a year since you've been gone, and we thought of you today, but that is nothing new, we thought about you yesterday, and the day before that too. We think of you in silence and often speak your name. All we have memories and pictures. But your memory is our keepsake from which we will never part because God has you in his arms and we have you in our hearts.*

*Pop, gone are the days we use to share but in our hearts, you are always there. The gates of memories will never close; we miss you more than anybody knows.*

*Our hearts still ache with sadness because no one will ever know what it meant for us to lose you. In life, we loved you dearly -- in death, we love you still.*

“ Ann and Family,

*We are truly sorry about the Lord taking husband and father. We know you can't hug him or see him with your eyes anymore, but you can still feel him in your heart. We hope that at least that brings you some comfort.*

*We hope you know that when we love someone, they become an unforgettable force in our lives, even after they are gone. We remember the way they wore their hair and walked into a room. The littlest things will trigger memories of the sound of their voice, their scent, the times we spent with them. We think about them for no reason at all: what would they say right now? We will always wonder: are they watching over us? Do they know how much we miss them? Even though you'll never see him walk through the front door again, we hope you can find peace with knowing that you'll always have a part of him with you. When we love someone, their spirit lives forever in our hearts, and we know he will forever be in your hearts.*

*No matter what anybody says about grief and about time healing all wounds, the truth is, there are certain sorrows that never fade away until the heart stops beating and the last breath is taken. That was obvious when we heard your sad news; it brought back the sorrow our hearts still feels as a result of the Lord taking the family members that we truly loved. However, we do pray that your discomfort gets a little easier as time passes on. Please remember that those we love don't go away, they walk beside us every day...unseen, unheard, but always near -- still loved, still missed, and very dear.*
