AW

“ Ralford, rest in peace my Friend. I remember you as a kind and funny person, easy to get along with, the big brother I never had. I had not seen you since I moved from the DC area but we always kept in touch. I have great, fond and funny memories of you. Your love of music, and jokes!! I remember the time I attempted to do some plumbing and really messed up, you helped me out and in exchange I had to make you the apple cake and beef soup you so loved. I remember you calling me to tell me you hid the cake under the bed so that your guest would not eat it – the sweet tooth!! The past few years we communicated frequently, sometimes a few times a week. We talked about many things, supporting and providing advice to each other. I valued our discussions and truly appreciated your friendship. I will truly miss you. Gone but not forgotten, God has you in his keeping!!
