“ *I remember Ray as a Coworker and friend at the Food And Drug Administration. I affectionately called him the very gentle giant, which always drew a wide smile from him and the question " What do you want? He will be remembered for teaching me what I know about Landscaping and a special friendship to me and my family. Rest in peace my friend.*

“ Ray... well, to me he was Papi!! Papi took me in as another daughter when Rita and I became friends. And since then, I've been adopted as a Blanchard. I'll surely miss him and hearing his voice over the phone.

Forever your adopted daughter,
Rabbit
