“ *This breaks my heart over and over! I don't know how I am going to get through this. It's hard for me to fathom not being able to see, touch or hear you. People keeps sayings it's going to be alright. HOW??? How can it be alright when the person who has been with me my whole life is no longer here? I love you and will forever miss you. There is a piece of me that left with you and that hole/void can never be filled.*

“ *Condolences to the Milner family. Roe was younger than me. When he saw that I was a DJ, we quickly became friends. He loved being in the spotlight. So him wanting to be a rapper was perfect for his character. From the first time he picked up the mic, he was a natural. His flow was perfect, he already sounded like the rappers on the radio. I enjoyed working with him, and also having him as a friend. We had a lot of fun together chasing our dream, but life changed and we drifted apart. And we had to let the dream go. The time I did get to spend with him I will always cherish. We shared something together that we both loved dearly, and that was music. Thanks Roe for all the fun we had, the memories we created, the people we made happy along the way, and for just being you. Love you bro. Danny (DJ Danny T). God Bless.*

“ *First, I would like to send my deepest condolences and prayers of comfort to his wife & children, sister & Mom & Dad & the rest of the Milner family. I've known Roe for over 35+ years. Probably the funniest dude in the crew. Always counted on him to make you laugh and he never disappointed. So many stories to share. He provided a lot of good memories and man oh man, he will be truly missed. To be absent from the body is to be present with the Lord. Rest in peace my dude.*
