“ *I miss you, my mind knows that you are in a better place where there is no more pain. You are at peace.*

I miss you so much, most of all your uplifting spirit and our conversations that we shared with one another. Right now there is an empty space in my heart and I know I am grieving, but I know my tears are for me, I can't be selfish and think about myself because God had better plans for you. I know angels are all around you and I can see your beautiful smile.

We will be together again. Until then, I will always love you my dear cousin. RIP
