“ *I just learned of Walter's passing today. I am so saddened as I used to see him walking to the 7-11. On a few occasions when Walter was willing, I would drive him home and we would chat. He always asked about my kids. Walter was such a funny and bright light to the crew who became familiar with each other during our daily trips to the 7-11 for coffee. Walter loved to impart words of wisdom and I so appreciated the advice he shared as well as his ability to make folks laugh. I am deeply moved by his passing and wish the Johnson family comfort and please know that Walter was loved.*

Sincerest condolences.

PJ

“ *Condolence to the Johnson Family from a Viet Nam Vet who met Mr. Johnson several years ago at the DC Vet Center. I'll never forget his compassion for the word "LOVE", he 'd always say in closing of any comment or conversation, that GOD IS LOVE, and he never waived regardless. Be Blessed Family we LOVE YOU. Brother Preston Jackson*
