“ To all who are close and love Wanda, I send my deepest condolences. I knew Wanda in high school and have not seen her since. Wanda popped into my mind a few days ago as i was fondly remembering how she sat in front of me in Biology class and made me laugh with funny things she would say everyday! I was sharing those stories with my kids a few days ago. I google-searched her and was sad to find that she had passed. Her smile and humor will always stay with me! Rest in peace, Wanda.

My deepest sympathies to Wanda's family and all who loved her. I am one of the many at NCHS who benefited from her professional expertise and beautiful heart over several decades. Please know that she was truly appreciated and seen, though in no measure enough for what she deserved.
